C-NEX one collection

Meet C-NEX one: the product collection featured in the brochure. Explore the range and ask the team for de tails.

#CNEX #Chitosan #ProductRange

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

A growing harvest

From vegetables to orchard crops: a visual introduction to the brochure·s agricultural focus.

#CNEX #Chitosan #CropCare

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Chitosan, introduced

What is chitosan? Start with the brochure·s introduction to this plant-care material.

#CNEX #Chitosan #ChitosanScience

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Meet the company

Get to know Shimi Gostar Sadra through the company introduction in the supplied brochure.

#CNEX #Chitosan #Agriculture

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

From chitin to chitosan

A closer look at chitosan·s origins and structure, illustrated in the brochure.

#CNEX #Chitosan #Biopolymers

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Plant-care foundations

The C-NEX introduction connects chitosan with plant care. Explore the overview before the technical chapte rs.

#CNEX #Chitosan #PlantCare

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Environmental stress

Heat, cold and challenging growing conditions: explore the brochure·s environmental-stress chapter.

#CNEX #Chitosan #PlantStress

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Understanding frost stress

A young plant in the cold: the brochure introduces frost stress and plant responses.

#CNEX #Chitosan #FrostStress

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Cold-response pathways

Explore the brochure·s discussion of chitosan and the pathways involved in plant cold responses.

#CNEX #Chitosan #ColdTolerance

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Cold and plant cells

Frost can challenge plant tissues. This page explores cellular responses discussed in the cold-stress section .

#CNEX #Chitosan #PlantCells

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Antioxidants under stress

How do plants respond to cold-related oxidative stress? Explore the brochure·s antioxidant discussion.

#CNEX #Chitosan #Antioxidants

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Heat-stress signals

Wilting seedlings introduce the heat-stress section and its discussion of plant response mechanisms.

#CNEX #Chitosan #HeatStress

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Plants facing heat

A closer look at the brochure·s heat-stress discussion, from protective responses to growth under pressure.

#CNEX #Chitosan #ClimateResilience

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Salinity and the soil

Saline conditions add pressure to plant growth. Explore the brochure·s introduction to salinity stress.

#CNEX #Chitosan #SoilSalinity

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Root-zone resilience

Healthy growth starts below the surface. This page continues the discussion of plant responses to salinity.

#CNEX #Chitosan #RootHealth

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Growth under salinity

From germination to seedling growth: explore the processes highlighted in the salinity chapter.

#CNEX #Chitosan #SeedlingGrowth

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Plant-health research

Enter the biotic-pathogen chapter: a visual introduction to the brochure·s plant-health research topics.

#CNEX #Chitosan #PlantHealth

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Bacterial challenges

The brochure examines chitosan-related mechanisms in its section on bacterial plant pathogens.

#CNEX #Chitosan #PlantBacteria

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Plant defence, explored

Explore the continuation of the bacterial-pathogen section and its discussion of plant defence.

#CNEX #Chitosan #PlantDefence

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Fungi and plant health

The fungal-pathogen chapter introduces the mechanisms discussed around chitosan and plant health.

#CNEX #Chitosan #PlantFungi

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Fungal-response mechanisms

A closer look at the mechanisms described in the brochure·s fungal-pathogen section.

#CNEX #Chitosan #CropProtection

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Plant defence in detail

Continue the fungal-pathogen chapter with the brochure·s discussion of plant defence processes.

#CNEX #Chitosan #PlantImmunity

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Viruses: the next chapter

Explore the viral-pathogen section and its illustrated overview of chitosan-related mechanisms.

#CNEX #Chitosan #PlantViruses

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Defence signalling

How are plant defence responses signalled? This page continues the brochure·s discussion of viral stress.

#CNEX #Chitosan #DefenceSignals

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Crop quality under pressure

The viral-pathogen chapter connects plant stress with crop health and quality.

#CNEX #Chitosan #CropQuality

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Resistance mechanisms

Explore the final page of the viral-pathogen section and its discussion of plant resistance.

#CNEX #Chitosan #PlantResistance

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Below-ground challenges

Root-knot imagery introduces the brochure·s nematode section and the challenges around root health.

#CNEX #Chitosan #Nematodes

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Nematodes, closer up

Take a closer look at nematodes and the mechanisms discussed in the brochure·s root-health section.

#CNEX #Chitosan #RootCare

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Before and after harvest

From the field to the supply chain: the brochure opens its pre- and post-harvest chapter.

#CNEX #Chitosan #Harvest

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Harvest-stage care

Harvest is a turning point for crop quality. Explore the brochure·s overview of chitosan at this stage.

#CNEX #Chitosan #HarvestCare

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

From harvest to packing

Follow the brochure·s discussion of produce handling and post-harvest quality.

#CNEX #Chitosan #PostHarvest

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Freshness after picking

The post-harvest section explores freshness, produce quality and chitosan-related applications.

#CNEX #Chitosan #ProduceQuality

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Storage and shelf life

A packing-house perspective on the brochure·s discussion of storage and produce shelf life.

#CNEX #Chitosan #ShelfLife

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Quality from the orchard

Orchard fruit closes the harvest chapter, bringing the focus back to crop quality.

#CNEX #Chitosan #OrchardCare

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Environmental pollutants

Explore the environmental-pollutant chapter and its focus on plants in challenging surroundings.

#CNEX #Chitosan #Environment

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Heavy metals and plants

The brochure introduces its discussion of environmental pollutants, including heavy metals.

#CNEX #Chitosan #HeavyMetals

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Soil, water and exposure

Continue the environmental chapter with the brochure·s discussion of plant exposure to pollutants.

#CNEX #Chitosan #SoilAndWater

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Plants in a changing environment

The final technical page brings together plant stress and the environmental topics explored in the brochure.

#CNEX #Chitosan #SustainableAgriculture

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

The crop collection

A closing illustration celebrates the crops at the heart of the brochure. Which crop do you grow?

#CNEX #Chitosan #GrowerCommunity

https://www.chitosan-cnex.ir/

09111182267

Compact text-only index. Persian captions remain in src/app/locales/fa.json.

Keep the conversation growing

You·ve reached the brochure·s back cover. Visit the website or call the team to continue the conversation.
